

Sharing with others

You will need to get permission, and maybe help, to do this.

1. Make some biscuits or cakes.
2. Keep some for your family.
3. Put some in a box or a bag.
4. Make a decorative label saying something like 'We want to share some happiness with you.'
5. Leave the box or bag outside the house of someone you know, as a special sharing treat. (Make sure you know if they have food allergies before you do it!)

Enjoy sharing at a distance! 😊
