

give thanks in all circumstances; for this is God's will for you in Christ Jesus. 1 Thessalonians 5:18

. Please join the team in the following prayers;

- Praise and thank you God for your guiding hand and protection over the team, and for opportunities to serve our children and young people in our schools by developing media resources for use in RE lessons and collective worship/ assemblies.
- We ask for vision, guidance, wisdom and stamina to make the best use of our time and skills to serve schools in the summer term.

Thank you for joining us in prayer this term for students, staff, parents and the schools workers.

Prayers of praise and thanks

Secondary school staff ask us to join them praying with

- thanks for all the hard work that is going on in schools with regard to the special measures put in place by the site team, the cleaners and everyone who keeps the school running safely.
- Thankfulness for “guidance for A level subjects and teachers know what they have to do to generate assessed grades.”

Primary school parents

- thank God for the wonderful staff who have worked so hard both in preparing lessons for those at home and also being in school for key-worker children, putting themselves and their families at risk everyday! The girls are so happy that the rest of the school are back and are enjoying after school clubs after so long!

Prayer requests from our schools;

Primary schools ask for:

- The right appointment for our new Headteacher.
- Prayers for parents’ evening next week online.
- Prayers for how to handle parents’ worries and support children anxious about summer term residential.
- Pray for our children’s wellbeing and mental health to continue to improve / return to previous levels and then flourish. We are seeing very positive things from most children but some have really struggled and need all the support they can get.

Secondary schools ask for:

- Continued protection for staff and pupils as we are back in school.
- Breakthrough and hope for young people ...
 - a) struggling with their mental health and dealing with anxiety.
 - b) struggling with social interactions because they are wearing masks all day in school.
 - c) seeking answers and reassurance about their Btec studies in Y13 and Y11, that teachers would be given wisdom and guidance how to reassure and help calm their worries.
