# Celebrate the King!

Earlier this term we celebrated the coronation of a new king with pomp, ceremony, picnics and parties. But we know that we have a much greater, wiser, eternal king and it is his kingdom that we want to tell children and young people about. 'Repent,' Jesus told people, 'for the kingdom of God is near.' What a joy and privilege it is to be part of this kingdom, but we want as many people as possible to know that they too are invited in. With all your prayers, support and giving, we are able to do this week in, week out. Now, that's worth celebrating! **Sarah**

**Monthly Prayer Meetings:**  
Garstang and Forton.

## PRAYER

If you would like to help us by hosting a monthly prayer meeting in your area that would be amazing. Please get in touch for any help we can offer!

For more prayer points and good news stories sign up for our Miracle Monday email! Or invite a niscu worker to visit your church or prayer meeting! We would love to come and share!

## Easter Opportunities

Easter was a busy period again this year, when we were invited in to lots of schools to share the Gospel Story of our risen King. I've found that many children especially in some of the community schools have little idea as to why Christians celebrate Easter so it was a great opportunity to be able to tell them.

This year I realised that in some of the larger community schools in the area there are 14 or even 21 classes in each school and it would be impossible to attempt to visit them all. I felt the way forward would be to take an Easter assembly to these larger schools and in just 2 schools I visited, over 1000 children heard the Easter story.

In all the team taught at least 25 Easter lessons and we led 10 Easter assemblies. What a great opportunity! **Diana**

## Stats from the year

## Week of Vision and Prayer

Our Week of Vision and Prayer was another big success. Thank you to everyone who joined us in prayer, online, in-person, from home or at a school or church. Jonny walked 21 miles, visiting 21 schools over 2 days, praying directly with around 1000 children, and connecting with dozens of supporters on route and in churches. We know that everything we do is underpinned by prayer, and we felt very encouraged by our faithful God as we set aside time to seek him and praise him!

## Dance for the King

It is such a joy to bring dance to schools with NISCU. The children and teachers are really enjoying this new way of learning the good news and the fun and movement that it encompasses. I have run two dance clubs, and led five lessons using dance to teach about the Body of Christ. Watching the children dance to the King has been incredibly touching. Music, lyrics, & dance put together, have a powerful way of communicating and it has been a privilege to witness children learn truths about God and sing & dance with gusto.

In one session, when I prayed at the end, the children asked if they could pray too! They offered lots of thanks to God for many things, including “Thank you for dance in school.” What a joy! There is nothing more refreshing and beautiful than dancing for and with our most amazing King! **Holly**

## A plasticine pea king?

Visiting a school you haven't been to for a while is a surreal experience these days. We often don't need to re-introduce ourselves as the children see us every week on the big screen in their classrooms. From March 2020 we've been producing weekly videos focusing on Bible truths. Since September 2022 we've thought about what the Bible says about The Senses, Christmas, Places in the Easter story, How to pray for your school, Ascension, Pentecost, Values and the way that the Old Testament directs us to Jesus. One popular video began with the crowning of King Ernie the pea (plasticine with googly eyes!), and we went on to think about David as God's choice for king. The title another week was “Long Live the King” as we reflected on Jesus being an eternal King who rules lovingly and justly and our choice to love and serve him and be part of His kingdom. **Debbie**
